

WEEK BEGINNING:

English

In English this week, we have started to explore a survival guide to Camp Green Lake, written by Louis Sachar as Stanley Yelnats. We will be writing our own versions of how to survive the abhorrent conditions of this wretched place. We are also continuing with reading skills with our Film Friday, which this week is Moana.

Maths

We have started focusing on specific skills across the Key Stage 2 Curriculum so that the children are prepared as they can be for SATs.

Topic

We are all still in our relevant states, exploring American life. This week, we will be bringing our Learning Log homework to life and writing biographies of our chosen famous Americans.

Science

We are investigating the effects of exercise on our heart beats- have you ever measured your pulse rate before and after exercise? We are also moving on to investigating the effects of smoking on our health.

World Book Day

We had so much fun celebrating World Book Day yesterday! The children – and staff – looked fabulous in their creative costumes!

Year 6 SATs Workshops

These will begin next week. Dates for the following classes are as follows:

Tuesday 7th March: RBo and DMc

Tuesday 14th March: LDk and SPa

Tuesday 21st March: CFc and BSc

There are two workshops on each date, one at 3:30pm and one at 4:30pm. If you have not yet signed up to attend one of these, you are not too late! Please contact your child's class teacher through a letter or note in their diary to book your place.

ATTENDANCE

Well done 6DMC!
